1 OBJECTIVE

Inclusion and Diversity (I&D) has always been, and is integral to Pandora's purpose of giving a voice to people's loves, and is core to our values. We have always sought to build a culture that is diverse, open and inclusive and one where all perspectives are valued.

Pandora recognises the importance of inclusion and diversity and the value it brings to enhancing our organisation's creativity, performance and innovation. We are committed to conducting our business in full compliance with local and international laws, and advancing the agenda through our ambitious I&D strategy.

This Policy is intended to create awareness of our collective I&D responsibilities and commitments to ensure that all colleagues have a broad and foundational understanding of how they can effect change to create a culture of inclusion.

2 SCOPE

This global Policy applies to the Board of Directors and all colleagues at Pandora including permanent and temporary employees, and contractors, as well as Pandora's partners and suppliers.

3 ROLES AND RESPONSIBILITIES

We are all responsible for ensuring Pandora creates an equitable and inclusive workplace. The global I&D council will regularly review this Policy and the I&D strategy; and will continually look for ways to build on our efforts and commitments.

3.1 LEADERSHIP RESPONSIBILITIES

Leaders have a responsibility to be aware of biases in practices and activities. For hiring and talent management processes, leaders will select, assess and recognise/reward our colleagues on the basis of their merits, skillset and behaviours aligned with our [Values](#). Leaders will promote and role model inclusive leadership, as aligned to our strategy and leadership standards.

3.2 COLLEAGUE RESPONSIBILITIES

All colleagues are expected to support a culture of inclusion that actively challenges discrimination and treat others with dignity and respect.

3.3 PARTNERS AND SUPPLIERS

We expect all of our partners and suppliers to act in accordance to this policy.

Breaches of this Policy will not be tolerated and may lead to disciplinary action up to and including termination of employment.

4 INCLUSION AND DIVERSITY STRATEGY AND COMMITMENTS

We believe that inclusion and diversity are core tenets of a responsible growing business, and we encourage all voices to pursue and share their loves. As part of our I&D strategy, we will be focusing on developing our talent pipeline, in particular from under-represented groups, and integrating I&D throughout our Brand. We have integrated I&D into [Pandora's Code of Conduct](#) and our [Human Rights Policy](#).

Through our I&D strategy, we have made the following commitments:

- **Workplace:** Create an inclusive workplace and increase the share of underrepresented groups. We have set a target of 85% inclusivity score in Employee Listening Surveys. We will value and reflect the full diversity of our colleagues, consumers, communities, suppliers, and the wider Pandora family. Build an environment that values the skills and creativity of our colleagues. Educate our colleagues to learn, listen and become champions/allies of I&D. Bring to life our values and #Future Work ambitions that enable respectful collaboration, openness and inclusion. Encourage others to speak up, take time to get to know each other, listen, be curious and ask questions.
- **Leadership:** By 2025, achieve a third (35%) of leadership (VP and above¹) to be female. By 2030 to achieve gender parity in leadership². Attracting, retaining and building talent pipelines that will enable us to become a sustainably high-performing organisation, particularly from underrepresented groups. Ensure skills, experiences and potential are the basis for recruitment, development opportunities and promotion decisions.
- **Customer engagement:** We aim to reflect societal diversity in our market communications. We have committed to having 30% share of talents, models, and influencers from underrepresented groups in our market communications.

You can read more details on our I&D strategy and targets [here](#).

¹ This includes the Pandora Board of Directors

² Pandora defines gender parity as a 50/50 split between males and females

5 MONITORING AND REVIEW

We will regularly monitor our progress through our regular Listening Survey. We will review the I&D policy and strategy by the Nominations Committee and Board every 2 years.
